

DIAGNOSIS AND TREATMENT OF COMMON SKIN DISEASES

VIRENDRA N SEHGAL

Prof. Dermatology & Venereology, Skin Institute & School of Dermatology, Greater Kailash, New Delhi, India

GOVIND SRIVASTAVA

Consultant Dermato-Venereologist, Skin Institute & School of Dermatology, Greater Kailash, New Delhi, India

KEY SELLING POINTS

- ◆ 176 colour photos of skin diseases illustrating the conditions to be diagnosed and treated
- ◆ Refers to both generic and brand names of drugs
- ◆ Classy but inexpensive hardback
- ◆ Pocket size format for portability and instant reference

BOOK INFORMATION

ISBN: 1 904798 306
Pub Date: June 2005
Format: Hardback
Extent: 252 pages

This is the second edition of a book first published 15 years ago as “Dermatologic Drug Directory”. The book was originally intended as a guide to the drugs required to treat skin diseases. However this new edition is far more of a pictorial aid to the diagnosis of common skin diseases. The first section of the book does still discuss Systemic Drugs, Topical Therapy, and the Side Effects of Drugs, but it then provides a large lavishly illustrated section on the Instant Diagnostic Criteria and Treatment of Common Skin Disorders.

This book will be useful to students being introduced to dermatology for the first time, and also to practitioners who can refer to it in their day to day consultations.

Contents:

Systemic Drugs

Topical Therapy

Drugs that may Cause Specific Side Effects Acneiform and Pustular Eruptions • Alopecia • Eczematous Dermatitis • Erythema Multiforme • Erythema Nodosum • Exanthematic Eruption • Exfoliative Dermatitis • Fixed Drug Eruptions • Gynaecomastia • Hair Colour Change • Hirsutism • Hypertrichosis • Leucocytoclastic Angiitis • Lichenoid Eruptions • Lupus Erythematosus-like Lesions • Lymphadenopathy • Nail Discolouration • Pemphigus-like Lesions • Photosensitivity • Purpuric Eruptions • Toxic Epidermal Necrolysis • Urticaria • Vesico-bullous Lesions
